FLEX Loans ONLY	TN ONLY	This is an expensive form of credit. Only borrow what you can afford to pay back. There is no grace period. Interest and fees will be charged every day you keep the money. We recommend you pay more than the minimum payment due. Making only the minimum payment due will result in more interest and fees and take longer to pay your balance.	These are for FLEX Loan ONLY! Installment loans do not have a minimum payment due so this disclosure would not apply to installment loans.	4/22/19
